We can lift outselves out of ignorance,
We can find ourselves as creatures
of excellence and intelligence and skill.
WE CAN BE FREE!

Jonathan Livingston Seagull

Fitchburg State College
Fitchburg, Massachusetts

1970 through 1974 has seen many changes on the Fitchburg State College campus. A new women's dormitory was added and Palmer Hall was torn down. A new cafeteria was built to meet the needs of a growing student body. Mckay School opened on Rindge Road and the campus gained two classroom buildings, Edgerly and Behavioral Science. Now 1974 our last year, construction has started for the new Industrial--Fine Arts building and the new Student Union--Library will be completed. The campus has a new look since the day we first laid eyes on it as freshmen.

Those were the days my friend,

We thought they'd never end,
We'd sing and dance forever and a day.
We'd live the life we choose.
We'd fight and never lose.
For we were young and sure to have our way.

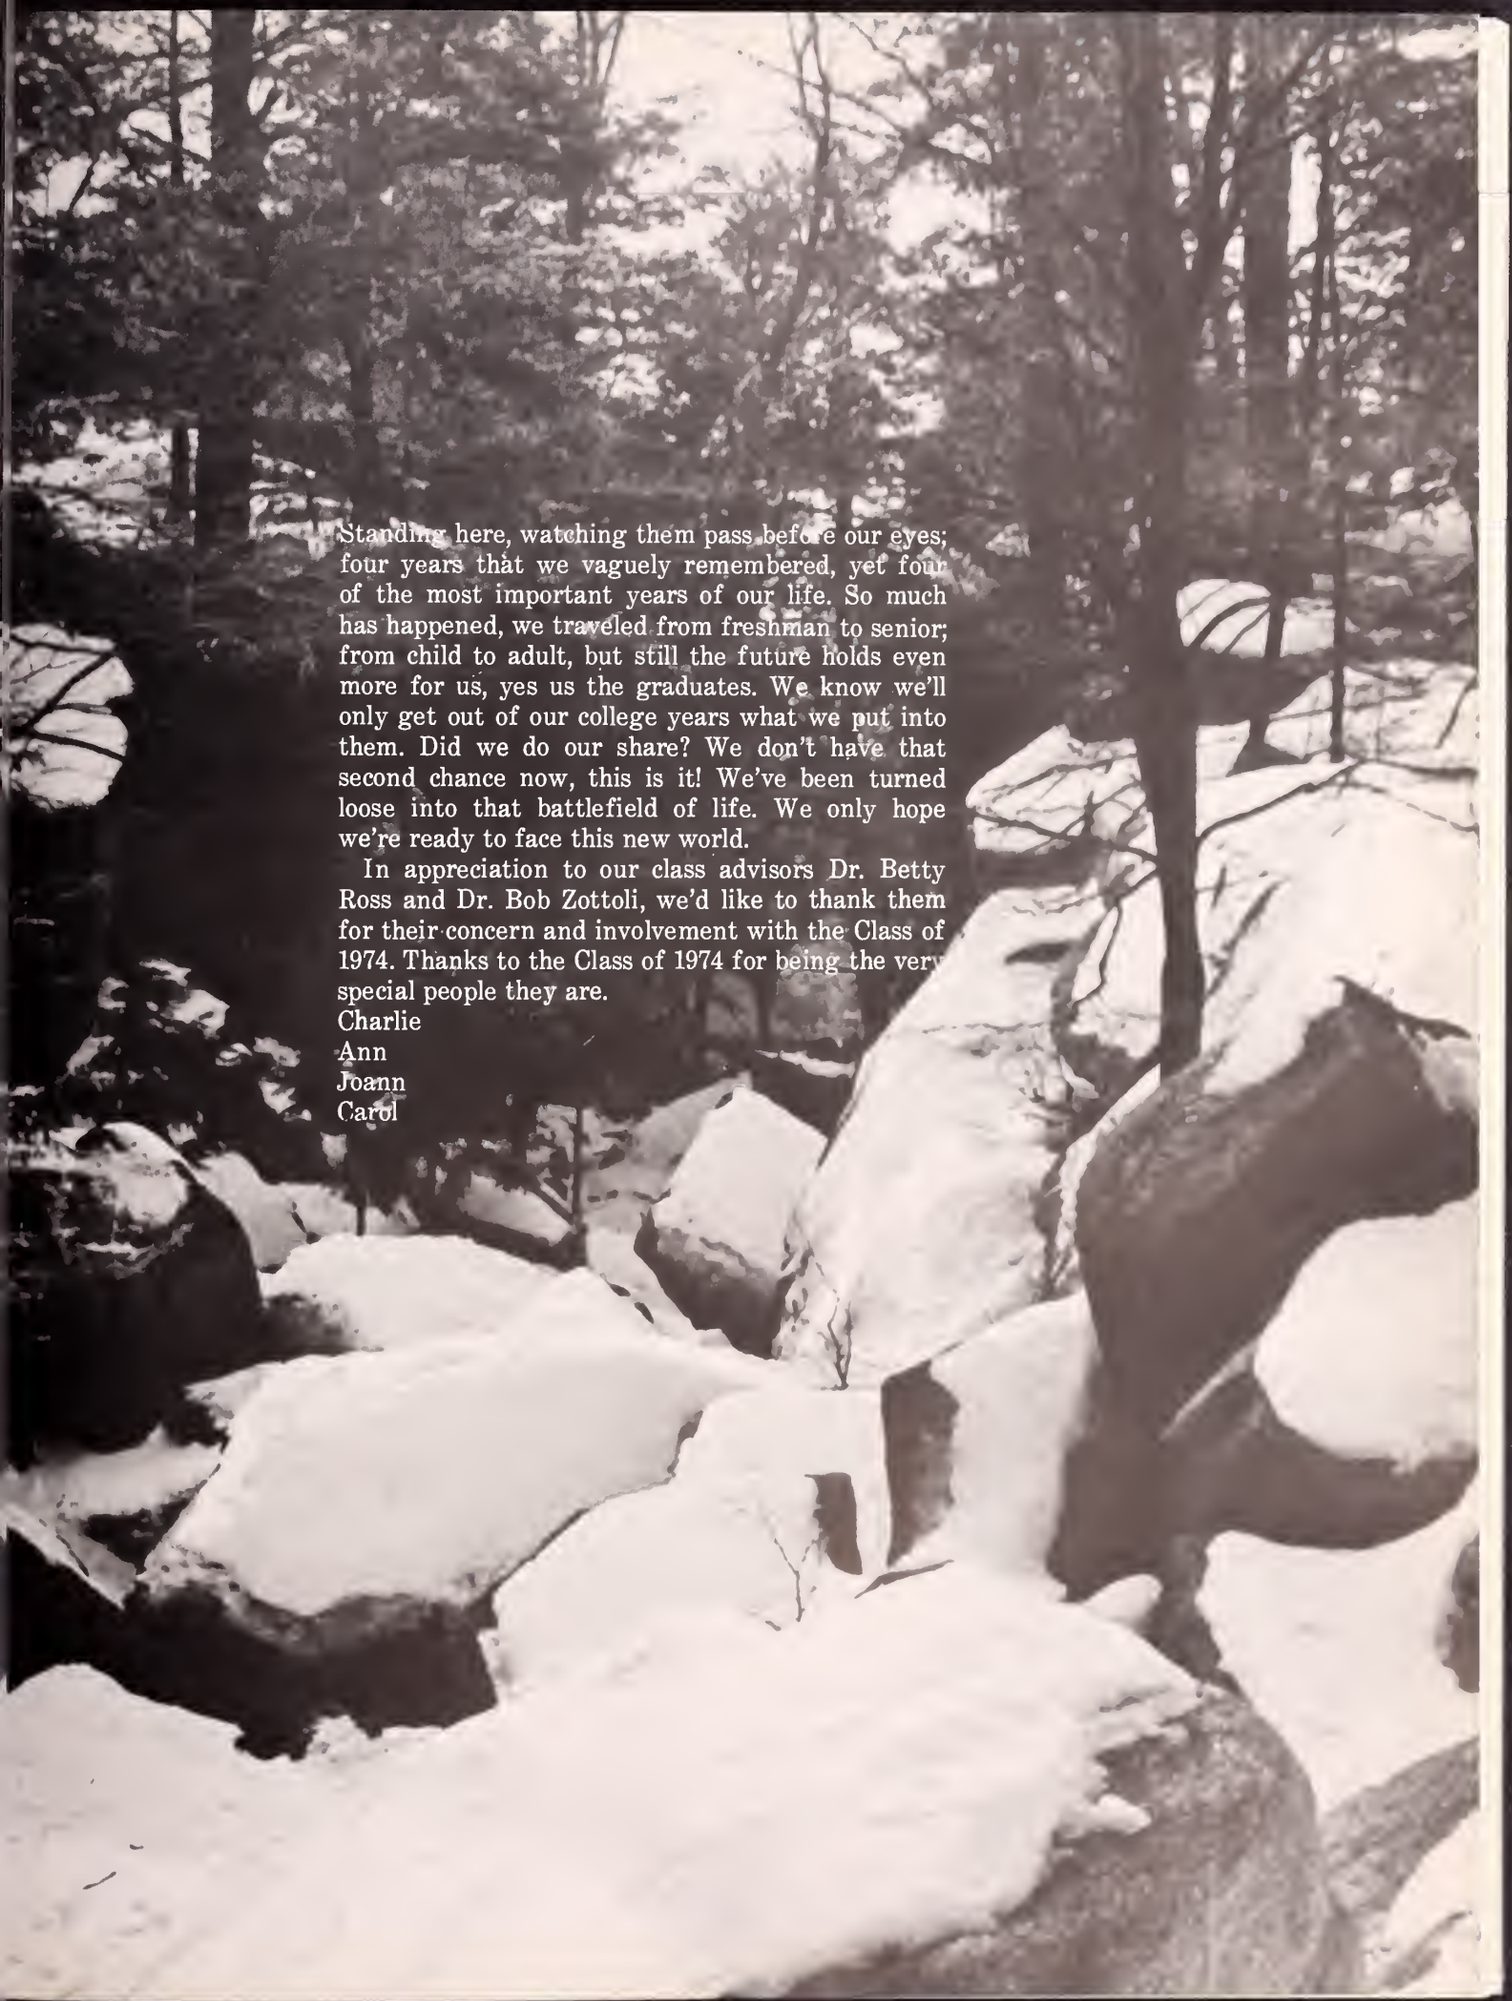
In Memoriam

Edward Smith

To everything there is a season
And a time to every purpose
Under heaven
A time to be born,
And a time to die . . .



Standing here, watching them pass before our eyes; four years that we vaguely remembered, yet four of the most important years of our life. So much has happened, we traveled from freshman to senior; from child to adult, but still the future holds even more for us, yes us the graduates. We know we'll only get out of our college years what we put into them. Did we do our share? We don't have that second chance now, this is it! We've been turned loose into that battlefield of life. We only hope we're ready to face this new world.

In appreciation to our class advisors Dr. Betty Ross and Dr. Bob Zottoli, we'd like to thank them for their concern and involvement with the Class of 1974. Thanks to the Class of 1974 for being the very special people they are.

Memories, like the corners of my mind
Misty water-colored memories of the way we were.
Scattered pictures of the smiles we left behind
Smiles we gave to one another for the way we were.

Can it be that it was so simple then?
Or has time rewritten every line?
If we had the chance to do it all again,
Would we?
Could we?

So it's the laughter we will remember,
Whenever we will remember the way we were.
